Early Years Forum being held in November

The Northeast Regional Intersectoral Committee (NERIC) and 0-3 Early Childhood Taskforce will be hosting an Early Years Forum entitled “Communities Moving Data to Action” in Nipawin on Friday, November 18th.

“The one-day forum will bring together individuals in the northeast who desire to enhance the lives of children and renew their commitment to providing the youngest citizens of the north east with the best start possible,” explained Myrna Soonias, KidsFirst Regional Developer.

Forum participants will celebrate the successes of communities that have achieved goals set during the 2008 Communities Committed to Children forum and hear a presentation on regional early years data, including the results of the In Hospital Birth Questionnaire and Early Development Instrument. Participants will also have the opportunity to work in groups based on community to establish specific early years goals.

Tanya Mazurek, an Early Childhood Educator, is the featured guest presenter. Mazurek’s goal is to train and motivate others to commit to high quality, reflective practice with children. Her presentation is designed to inspire and motivate the audience to work together to make a significant difference in children’s lives.

There is no charge to attend this event and lunch will be provided. Space is limited therefore early registration is encouraged. To register, fax Shentel at 873-1049 or email syoung@kthr.sk.ca. For more information, contact Myrna Soonias at 873-8289. More information can be found under News & Events>Events on the KTHR website at www.kelseytrailhealth.ca.
